

## New Flesh to Cultivate

Ingrowing

Let's cultivate!  
New life! Life! Life! Life! Life!

Duplicates hatchery  
Products with no face  
With crystal veins visible  
With minds still empty, still legible

Blood breeding technology  
Here's flesh to cultivate  
Unformatted mien  
Unused memory, soullessly clean

Same faces in line...  
It's the end of your times...
