

Fraud

Ingrown

You front like a true friend
When it's convenient
Lie after lie just spreading shit
All the time
Everyone's buddy
And secret enemy
Get your kicks by starting shit
Then leave the mess

Breaking what we've built
Don't get what we're about
Fucked up racist mindset
That you can't hide

You're a fraud get away
Causing pain is your game
You're a fraud get away
Get out

Why divide when we can unite
