

# We Will Live

Inhabited

We've got something no amount of money can buy  
We've got something more than just a temporary high  
We've got something more than just a pie in the sky  
There's so much more, so much more to this life  
It's more than just a bunch of tradition  
It's more than emotion  
We have a destiny

We will live, live  
Come whatever may  
We will dance, dance  
Until the break of day  
Cuz there's so much to live for  
So much to live for

We're gonna march on  
Walkin' through the thick and the thin  
We're gonna make it, press on to the other side  
Don't let go, just hang on, it'll be alright  
Come on, stand up, get ready to fight  
Troubles will come in this lifetime  
It might be rough

But we'll make it through  
We will live, live  
Come whatever may  
We will dance, dance  
Until the break of day  
Cuz' there's so much to live for  
So much to live for

lalalalalalalalala  
lalalalalalalalala

Troubles will come in this lifetime  
It might be rough  
But we'll make it through

We will live, live  
Come whatever may  
We will dance, dance  
Until the break of day  
Cuz there's so much to live for  
So much to live for
