

## Party Drama

### Inhale Exhale

Oh sweet innocence I bid you farwell again.  
In this moment I have fallen to pieces  
But waht can I do.  
This is always the hardest part.  
You're seeing shadows on the bathroom floor.  
It's not like you've never been here before.  
Welcame back kid.  
Welcome back kid.

So lets move!

I ask myself.  
Will  
This  
Ever  
Go away  
Even  
With  
Time

This is moment that you will awake.  
Let your heart decide the vison of your fate.  
Of your fate.

Open up your eyes and see that  
There's love inspite of hate.  
Even know this can't be easy  
Keep your head up high.  
Keep your head up high.

Let's go!

Will  
This  
Ever  
Go away  
Even  
With  
Time

This is moment that you will awake.  
Let your heart decide the vison of your fate.  
Of your fate.

Open up your eyes and see that  
There's love inspite of hate.  
Even know this can't be easy  
Keep your head up high.  
Keep your head up high.

Open up eyes to it all  
And everything you know will just keep changing.

Make th emost of what you have  
Until you loose it all.  
This is real  
Savor the moment for jut this once.

Go on and  
Get it, it, it ,it ...

Open up your eyes and see that  
There's love inspite of hate.  
Even know this can't be easy  
Keep your head up high.  
Keep your head up.

Even if you have fallen down  
You must know that there's always a way.  
There's always a way back up  
To where you came from.  
To  
Where you came from.  
Where you came from.
