

So Far So Good

Inhaler

Well I'm feeling good
But you're on to me
I guess it just feels like
My only friend is my enemy
I guess it still feels like

Lately I've been dancing around you but I can't think straight
Been avoiding your name, just to get some space
Ain't it such a shame? We got so close
So far, so good

In and out of phase
And I'm out of key
Holding a foot in my door
You think I love
What you do to me
I guess I'll tell you what it feels like

Lately I've been dancing around you but I can't think straight
Been avoiding your name, just to get some space
Ain't it such a shame? We got so close
So far, so good, yeah

You're so far
You're so far from getting close to me
You're so, ooh-ooh-ooh, ooh
You're so far
You're so far from getting close to me
You're so, ooh-ooh

Lately I've been dancing around you but I can't think straight
Been avoiding your name, just to get some space
Ain't it such a shame? We got so close
So far, so good, yeah

So good
So good
