

# Valentine

Inhaler

I got a bone to pick with you but don't worry, I'm not mad  
There's something great about us, but I should've took a step back  
From that fuzzy feeling, stuck on the end of your line  
They say you got a dangerous hook, assures me I'll be fine

Be my valentine  
Come on, spell it out  
Be my  
Yeah, be my valentine  
You could never shoot me down

We got nothing to do, settle into my cage  
Until the wind blows me through, ride into your wave  
I need you on good days and on the bad ones too  
They say you're hard to please, but I'll still give myself to you

Be my valentine  
Come on, spell it out  
Oh, be my  
Be my valentine  
You can try to shoot me down  
You could never shoot me down

Ooh, ooh  
Ooh, ooh

Oh, la-la-la-la-la-la-la-la-la  
La-la-la-la-la-la-la-la-la  
La-la-la

Be my  
Oh, be my valentine  
Come on, spell it out  
Oh, be my  
And be my valentine  
Don't let me down  
You could never shoot me down

Ooh, ooh  
Ooh, ooh

Oh, be my  
Yeah, be my valentine  
And let them try to shoot us down  
But you could never shoot me down  
Ooh, ooh
