

Gunshot

Ini Kamoze

Hey run fo' cover
Dunno what a bullet won't do
Shots respect not, boom
Gun shot it no respect (top) notch
Shots respect not
Gun shots it no respect notch

Now cats and dogs and "men and people"
for some it's good and some stupid evil
For Kings and Queens and El Presidente
Or a passer-by and spy could a wind up in a cementry

Shots respect not, boom
Gun shot it no respect Notch
Shots respect not
Gun shot it no respect Notch
Hey dunno what a bullet won't do
Hey

Even a minister and the sinitier
Marine of Brigadista
Some win some lose some skip across the border
When men were bold this thing wasn't plenty
Now that heaven and earth are old
One fool makes many

Gun shots respect not, skeng-eh
Gun shots no respect Notch
Shots respect not
Gun shot it no respect Notch,
aw, aw, aw

Run fo cover
I dunno what the bullet won't do

Follow round the corner
Follow across the border
when it hits it hurts
Throw ya down in the dirt
They have to cover ya with earth
Hey, hey, hey, tear drops like rain, no

Follow ya round the corner
Follow across the border
tracks ya down to ya mother
Run you down into the streets and lanes
hits the juice out of ya veins
I dunno what a bullet won't do
