

# Trouble You A Trouble Me

Ini Kamoze

Down in the region where I rest  
It's the survival of the hardest  
One man, well, cool, the next man, tense  
Some sounds like these across the fence will

Trouble you, they trouble me, no I  
I would'a just flash me things  
Bubble you, they bubble me, yes I  
Forward ina me ring

Trouble you, they trouble me, no I  
I would'a just flash me things  
Bubble you, they bubble me, yes I  
Forward ina me ring

Some man just born to nice up, dance  
See my love down in tight romance, yea  
The essence of ishence fills the air, yea  
You're free to look but don't you dare stare

Trouble you, they trouble me, no I  
I would'a just flash me things  
Bubble you, they bubble me, yes I  
Forward ina me ring

Trouble you, they trouble me, no I  
I would'a just flash me things  
Bubble you, they bubble me, yes I  
Free to flip and come in

And in I region forces raid, wrong way  
Man, pick up corn for razor blade  
The nobles of English would feel sad, no doubt  
When some thing's good, we say "It bad Iah"

Trouble you, they trouble me, no I  
I would'a just flash  
Bubble you, they bubble me, yes I  
Forward ina me ring

Trouble you, they trouble me, no I  
I would'a just flash me things  
Bubble you, they bubble me, yes I  
Forward ina me ring

Trouble you, they trouble me, no I  
I would'a just flashed  
Bubble you, they bubble me, yes I  
Forward ina me ring

Trouble you, they trouble me, no I  
I would'a just flashed me things  
Bubble you, they bubble me  
Forward ina me ring

Trouble you, they trouble me  
I would'a just flashed me things

Trouble you, they trouble me
