

Caught A Body

Iniko

Butterflies all in my system
Feel the eyes, feel it all in this friction
You got the rights words, got the right diction
Need a rundown, need a description
Heavy rain pitter-patters in the distance
Steady hips, lip lock, no resistance
Cocaine, baby you got me addicted
Wrist cold, water froze ah yeah you frigid
Let me mention that you're going in the right direction
Mind, body, soul in the right dimension
You feel it in your bones, you're feeling all the tension
Third eye, let me guide you to ascension
And know that I've been here before
Ooh, tell me baby when you want more
Let your body do the talking, let your mind explore

Body not here, body not here
Body just caught me a body and somebody got hit
Somebody knock but nobody ain't there
Had an earthly body and my earthly body ain't here

Body not here, body not here
Body just caught me a body and somebody got hit
Somebody knock but nobody ain't there
Had an earthly body and my earthly body ain't here

I needed you, I needed everything in heaven
I'd give you everything I'd ever wanted, would it want it back
Call me present, luminous in this energy
Needed presence slowly [?] away from me
Tongue-tied yeah I got my eye on you
I try but I can't get over you
Star Trek yeah I'll take you to the moon
Imma move, imma do just how you do
Imma show you who I am and where I go
Got the wheel, so really I'm in control
Take control

Body not, body not here
Body just caught me a body and somebody got hit yeah
Somebody knock but nobody ain't there
Had an earthly body and my earthly body ain't here, no

Body not yeah, body not
Body not, no, body not
Body not, body not here
Body not, body not here
Body not, body not here
Body not, no, body not here
Body not, body not here
Body just caught me a body and somebody got hit

Body, body not here
Body, body not here
Body, body not here
Body, body not here
