

Jericho

Iniko

I'm high
I'm from outer space
I got Milky Way for blood, evolution in my vein
I'm gone
I've been far away, I'mma lumineer now, I make moves start waves
I've been dreaming about flying for a long time
I had a vision from the Greys they wanna co-sign
Artificially intelligent New-AI
I'm your future past and present, I'm a fine line

Yeah, I'm a missing link of this illusion
I am not really here, I'm an intrusion
I don't swim or sink, I just float
I don't need gravity, I just need growth, (whoa)

When I move it's an earthquake rumble
I will never ever fall, never stumble
And I don't need to be humble
Break down walls like Jericho crumble

I can go higher
Past the stratosphere, I can catch fire
I can go hard, I don't even need to try, yeah
Star blood, I don't ever get tired
Predestined written in stone
I feel it coming in, I feel it in my bones
Heavily protected never alone
Tapped in, I'm connected to the unknown, (whoa, whoa)

When I move it's an earthquake rumble
I will never ever fall, never stumble
And I don't need to be humble
Break down walls like Jericho crumble

When I move it's an earthquake rumble
I will never ever fall, never stumble
And I don't need to be humble
Break down walls like Jericho crumble

Jericho, Jericho walls come down
Jericho, Jericho walls come down
Walls come down like Jericho
Walls come down like Jericho

Jericho, Jericho walls come down
Jericho, Jericho walls come down
Walls come down like Jericho
Walls come down like Jericho

(Jericho, Jericho walls come down)
(Jericho, Jericho walls come down)
(Walls come down like Jericho)
(Walls come down like Jericho)
