

# BORED

INJI

So she's standing there on the corner  
Talking about like "Oh, I'm so bored with life"  
There's so many things you can do  
Like you can, umm

You can kick it, you can hit it  
You don't like it? You can quit it  
There's endless things that you can do  
So I don't get it, why are you

Bored  
Them girls be gettin' bored  
Those boys are always bored  
Do you want an award?  
Everybody's so, shh  
Like this since you were four  
And always wanting more  
I'm done and there's the door  
I'm too young to be bored

Yeah you're so cool  
Shitting on girls while you're hitting Juuls (Yeah)  
And yeah, you're so right  
This place sucks and I hate the vibes  
"It's too loud and it's not the crowd"  
Just got here and you're bitching around  
(You're literally twenty)  
Here's some advice: shut the fuck up and please calm down  
You could go and ride a bike  
Take a drug and fly a kite  
Call your mom and start a fight if you like

You can kick it, you can hit it  
You don't like it? You can quit it  
There's endless things that you can do  
So I don't get it, get it, get it

Bored  
Them girls be getting bored  
Those boys are always bored  
Do you want an award?  
Everybody's so, ugh  
Like this since you were four  
And always wanting more  
I'm done and there's the door  
I'm too young to be

B-O-R-E-D, get the heck away from me  
B-O-R-E-D, get the heck away from me  
B-O-R-E-D, get the heck away from me  
B-O-R-E-D, get the heck away

I get it if you peaked in middle school  
But like, grow up you're twenty two  
Go outside, get a life  
That's a burn and here's some ice

You can kick it, you can hit it  
You don't like it? You can quit it  
There's endless things that you can do  
So I don't get it, get it, get it

Bored

Them girls be getting bored  
Those boys are always bored  
Do you want an award?  
Everybody's so, oh my god!  
Like this since you were four  
And always wanting more  
I'm done and there's the door  
Why you? Why you? Why you?  
Bored

B-O-R-E-D, get the heck away from me  
B-O-R-E-D, get the heck away from me (Ha-ha)  
B-O-R-E-D, get the heck away from me  
B-O-R-E-D, get the heck away
