

HATE YOUR GUTS

INJI

See me at the party
Walking over you're like hey hey hi
(Hey how've you been?)
Say it's good to see you
But I really mean I wish you'd die
(I wish you died)

Crazy to think that you broke my heart
When you're a three and I'm work of art
Acting like we're cool, it's killing me inside to be polite

I could scream at you
(For hours, hours)
Like I've practiced to
(In the shower, shower)
All your friends are here
But I'm seeing red
I can't keep it in

I fucking hate your guts
I'm telling everybody this guy sucks
And by the way he's into real weird stuff
It feels so good to cause a scene
Be mean
And I'm not done

Baby, do you get it
I committed social homicide
(Hmm, bye-bye, bye-bye)
Now, now you're all alone
'Cause your bros, yeah, they picked my side
(Oof, yeah that must've hurt)

I could scream at you
(For hours, hours)
Like I've practiced to
(In the shower, shower)
All your friends are here
But I'm seeing red
I can't keep it in

I fucking hate your guts
I'm telling everybody this guy sucks
And by the way he's into real weird stuff
It feels so good to cause a scene
Be mean
And I'm not done

I fucking hate your guts
I'm telling everybody this guy sucks
And by the way he's into real weird stuff
It feels so good to cause a scene
Be mean
And I'm not done
