Bacchanalia

Inkubus Sukkubus

Come take my hand, run with me
To lands of milk and honey
Come kiss my lips and share the
Sweet taste of ecstasy and
Lie with me, laugh with me
We'll drink deep and frequently
I'll love you tirelessly
You'll raise me to ecstasy

Drink deep of my love
Lover by mine, we have
The best of heaven

Drink deep of the wine
We are divine, we have
Now and forever

You're wild and I'm carefree
We live fast and dangerously
I'll love you and you'll love me
I'm drunk with shameless glee
To Bacchanalia we will run
And we'll watch the evening sun
With hearts full and voices high
We'll touch the fiery sky.

(2x), (2x), (2x)
Drink deep of my love
Lover by mine, we have
The best of heaven

Drink deep of the wine
We are divine, we have
Now and forever
