

## Faefire and Sacred Musk

Inkubus Sukkubus

Between the dank and sodden sheets  
There is no refuge, there is no peace  
From the want of carnal love  
To its power you shall succumb

Into the dark abyss - One promise on a kiss  
Into the pit below - The only way to go

In the heat of lust unbound  
These icy flames will drag you down  
To scented skin and salted lips  
To the willing flesh the dagger sinks

Fae Fire and Sacred Musk - Incubus Succubus  
Night Terror, Dream Lover - Sweet nightmares coming down
