

## The Glass Is Half... Awesome

Inkwell

Here is to the strong ones  
Raise it up on last time  
Here is to the lucky and the lonely  
and I'm home now, but I wish...

...that this car could move so much faster  
than we are moving tonight.

I may not sleep tonight,  
but I'll be up by nine  
And I'm okay with this.  
And I'm just fine with that  
And I'm home now, but I wish...

...that this car could move so much faster  
than we are moving tonight.

I have made hospitals.  
for heartbreaks in my room.  
And I'm okay with this.  
And I'm just fine with that  
And I'm home now, but I wish...

..that this car could move so much faster  
than we are moving tonight.
