

The Leopard

InMe

I had given up on myself
But I could never give up on you
I've been meaning to change
This leopard can't escape from its cage

I've been meaning to tell the truth
For so long
I've been dreaming of you
Waking up in my dream with you

I lost control
The shattered love we knew grew black and blue

I've been meaning to tell the truth
For so long
I've been dreaming of you
Waking up in my dream with you

I've been trying to break away
For so long
I thought I was the wildest
Self destructive burn the brightest

I've been meaning to tell the truth
For so long
I've been dreaming of you
Waking up in my dream with you

I've been trying to break away
For so long
I thought I was the wildest
Self destructive burn the brightest
