

The Fidelity

InMemory

This fall belongs to both of us
Let me take you to a place where you can scream out loud
All the words to your favorite songs
'Cause that's the least that I can do
For how much you love me
And I hope you've had the time of your life
Thank you for the memories

You're the only one that can pick me apart
Too fragile to realize
You make me who I am, you're everything that is real
In my life

I understand we both grew up
And there's things you have to do
The only thing I ask of you if you ever fall in love again
I hope you find yourself
Someone who knows how to appreciate the way you laugh
And I'm always here for you

You're the only one that can pick me apart
Too fragile to realize
You make me who I am
You're everything that is real
In my life
