

(Cryo, cryo...)

I let the sticks and stones, give me pain, break my bones  
And care what people say, I don't care anymore  
Now I got thicker skin, ain't the same, ain't got lows  
Now people know my name, know my name

I'm gonna be as cold as cryo  
Good on my own I'm strong, indigo  
Mode set on defense, let you know  
I'm never going away  
I'm never going to break

Dum-da-da-di-da, cryo, cryo  
Dum-da-da-di-da, cryo, cryo  
Dum-da-da-di-da, cold as cryo  
I'm never going away  
I'm never going to break

I'm ready for attacks, I got castles and walls  
You know I went from princess to queen on a throne  
I got a parachute, I'm not going to fall  
They say I'm not the same, not the same

I'm gonna be as cold as cryo  
Good on my own I'm strong, indigo  
Mode set on defense, let you know  
I'm never going away  
I'm never going to break

Dum-da-da-di-da, cryo, cryo  
Dum-da-da-di-da, cryo, cryo  
Dum-da-da-di-da, cold as cryo  
I'm never going away  
I'm never going to break

And I'm in control  
A new persona, I'm, I'm letting it go  
Now I'm sub-subzero  
And I'm in control  
A new persona, I'm, I'm letting it go  
Now I'm sub-subzero

I'm gonna be as cold as cryo  
Good on my own I'm strong, indigo  
Mode set on defense, let you know  
I'm never going away  
I'm never going to break

Dum-da-da-di-da, cryo, cryo  
Dum-da-da-di-da, cryo, cryo  
Dum-da-da-di-da, cold as cryo  
I'm never going away  
I'm never going to break
