

## Dance Alone

Inna

Wrap my arms around myself  
Pull me like I'm someone else  
That's how I pretend you're near  
When you're gone, when you're gone

You don't know what it feels like  
Every time that you're in my head  
You don't know what I deal with  
Every time that you go away  
Don't want no party  
Not without your body

So when I'm on my own  
I'd rather dance, I'd rather dance alone  
If it's not you, then it's not anyone  
So no one can make me feel it  
The way you make me feel it

So when I'm on my own  
I'd rather dance, I'd rather dance alone  
If it's not you, then it's not anyone  
So no one can make me feel it  
The way you make me feel it

Turn on the lights, turn on the place  
Pour out the wine, turn on the bass  
Won't pick up my phone again  
Till you call, till you call

You don't know what it feels like  
Every time that you're in my head  
You don't know what I deal with  
Every time that you go away  
Don't want no party  
Not without your body

So when I'm on my own  
I'd rather dance, I'd rather dance alone  
If it's not you, then it's not anyone  
So no one can make me feel it  
The way you make me feel it

So when I'm on my own  
I'd rather dance, I'd rather dance alone  
If it's not you, then it's not anyone  
So no one can make me feel it  
The way you make me feel it
