

Like That

Inna

Lately, I've been thinking about
Times when we loved too much
I want you back too bad
Can we talk 'cause I'm falling inside again
Drowning and drowning in
'Cause I, ah I, ah I

I'm not escaping from your love game
I chose your cold hands you chose my brain
Oh, that's not working like we used to say
'Cause sometimes you're annoying but I still wanna stay
We live like that, we love like that, we play like that
We keep slamming doors, making love, so so bad
We are going backwards, turning upside down
Till the music plays to my heartbeat sound
To my heartbeat sound

Promise me we will lose our minds together
Every night
Promise me we will lose our way together
Through the dark

We live like that, we love like that, we play like that
We keep slamming doors, making love, so so bad
We are going backwards, turning upside down
Till the music plays to my heartbeat sound
To my heartbeat sound
To my heartbeat sound

How can we feel the same?
How can we feel this way? Mmh, oh
Baby, tell me why we go over and over
Upside down, to my heartbeat sound
To my heartbeat sound, upside down
Yeah, to my heartbeat sound
To my heartbeat sound
To my heartbeat sound
To my heartbeat sound
Upside down
Yeah, to my heartbeat sound
To my heartbeat sound
