

## Pretty Please

Inna

Pretty, pretty please  
Won't you stay here next to me  
Yeah I know it's getting late  
Won't you keep me company  
I said pretty, pretty please  
Only you know what I need  
Got me begging you to stay  
Cuz I hate to see you  
Leave

Turning the lights out  
It's the end of the night  
But I don't wanna slow down  
I hope you don't mind  
You can tell me your secret  
And I'll tell you mine  
As long as you can hold on to them tight

As I can see it in your eyes  
It's time for you to go and say goodnight  
But I prefer to have you by my side  
Oh, don't make me say it, don't make me say

Pretty, pretty please  
Won't you stay here next to me  
Yeah I know it's getting late  
Won't you keep me company  
I said pretty, pretty please  
Only you know what I need  
Got me begging you to stay  
Cuz I hate to see you  
Leave

Fríos tus palabras  
Tu me rompiste el corazon  
Cuando te fuyste  
E  
E porfavor

Won't you come and give me one more kiss  
Before you go  
Que lo quiero todo para mi  
Ay porfavor  
Tell me if you can handle it (Пожалуйста)  
Don't make me say it, don't make me say
