

# Shining Star

Inna

The first time that I saw you  
I had to get to know you  
I could see a sparkle  
When you looked in my eyes  
And then I saw you smiling  
And like a star you're shining  
Never had this feeling  
You warmed it up inside

It doesn't matter where you are  
Your shining light will guide me home to where you are  
It doesn't matter where you are  
Your shining light will guide me home to where you are  
Shining star  
Give me give me give me right now  
Give me right now  
You give me right now  
Give me give me give me right now  
You give me right now  
You give me right now

You tell me that you're lonely  
And time is moving slowly  
Complaining that you miss me  
Cause I'm never at home  
But baby don't you worry  
I'll be there in a hurry  
I will cross the oceans  
To hold you in my arms

It doesn't matter where you are  
Your shining light will guide me home to where you are  
It doesn't matter where you are  
Your shining light will guide me home to where you are  
Shining star  
Give me give me give me right now  
Give me right now  
You give me right now  
Give me give me give me right now  
You give me right now  
You give me right now

It doesn't matter where you are  
Your shining light will guide me home to where you are  
It doesn't matter where you are  
Your shining light will guide me home to where you are  
Shining star  
Give me give me give me right now  
Give me right now  
You give me right now  
Give me give me give me right now  
You give me right now  
You give me right now
