

Sober

Inna

My vision's blurry and I'm faded
I don't know where I'll be waking up
Another night I'm gonna fake it
And I wonder

Is it ever gonna stop? Oh
Will there ever be a chance?
Our hearts will cross
Will it ever be enough? Yeah
Could it ever be a chance?
I won't be lost

I just wanna get to know you
When we're sober
Call you over
Get you closer
I just really wanna take this roller coaster
To the sofa
Baby, can I get to know you?
When we're sober

Maybe I need something different
'Cause I can't even make it out
Yeah I'm feeling kinda distant
And I wonder

Is it ever gonna stop? Oh
Will there ever be a chance?
Our hearts will cross
Will it ever be enough? Yeah
Could it ever be a chance?
I won't be lost

I just wanna get to know you
When we're sober
Call you over
Get you closer
I just really wanna take this roller coaster
To the sofa
Baby, can I get to know you?
When we're sober

I just wanna get to know you
When we're sober
Call you over
Get you closer
I just really wanna take this roller coaster
To the sofa
Baby, can I get to know you?
When we're sober
