

## Start A Fire

Inna

Call me, you can call me  
I'm just two hours away  
You can call me  
Find me, you can find me  
When you're looking at the sky  
You should feel me

Ooh  
There's something you should know  
Yeah, I can hardly breathe  
I'm falling for you here, mmm

I'm gonna start a fire  
And I'm gon' let you burn my heart again  
Ooh, I'm gonna start a fire  
And I'm gon' let you move

And I'm gon' let you m-  
And I'm gon' let you m-  
And I'm gon' let you m-  
And I'm gon' let you m-

Tell me, can you tell me  
What to do without you here?  
I miss you daily  
Always, yeah, I always  
Gettin' lost in time and space  
Like in the old days

Ooh  
There's something you should know  
Yeah, I can hardly breathe  
I'm falling for you here, mmm

I'm gonna start a fire  
And I'm gon' let you burn my heart again  
Ooh, I'm gonna start a fire  
And I'm gon' let you move

And I'm gon' let you m-  
And I'm gon' let you m-  
And I'm gon' let you m-  
And I'm gon' let you m-

Ooh  
There's something you should know  
Yeah, I can hardly breathe  
I'm falling for you here, mmm

I'm gonna start a fire  
And I'm gon' let you burn my heart again  
Ooh, I'm gonna start a fire  
And I'm gon' let you move

And I'm gon' let you m-  
And I'm gon' let you m-  
And I'm gon' let you m-

And I'm gon' let you m-
