

We Should Get Lost

Inna

Drive on a highway
I think I don't like it
And my body's that's fighting
For you I don't wanna hide it

We should get lost
In the beat of the night
Of your life
We should get lost
In the beat of the night
Of your life (life, life, life)
Come!

Season come and seasons go
Life got me out of control
I thought I should let you know
I know things I shouldn't know
Baby I gon' let it go
I thought I should let you know

We should get lost
Get lost

Promise I won't leave
Keep you here next to me
I promise I won't change
If you can believe me

We should get lost
In the beat of the night
Of your life
We should get lost
In the beat of the night
Of your life (life, life, life)
Come!

Season come and seasons go
Life got me out of control
I thought I should let you know
I know things I shouldn't know
Baby I gon' let it go
I thought I should let you know

We should get lost
Get lost
We should get lost
Get lost
