Boom chaka la ka boom boom boom  
Gal you cause confusion when you walk ina the room  
Boom chaka la ka boom boom boom

Now she's gone  
It's not about romance  
She don't love you  
She just loves to dance

Gal just a tease me she don't want to please me  
Have big man just cry for she body  
Gal just a tease me she don't want to please me  
Have big man just cry for she body

She looks so beautiful  
She burns with every touch  
Don't get too close  
She'll break your heart and leave you  
Got you wanting her so much  
Take a tip from me  
That girl don't love nobody
