

Life

Inner Circle

Life, life is what we're living, oh
And this is what we're supposed to be sharing
Life is what we live now, oh
Life, sweet life, is what we share now

We've got to give a little to get a little now
We've got to sacrifice this to get some of that
This for that and butter for fish
Your destiny is your wish

When you rise up in the morning, yeah
Give Jah thanks and praises
For a brand new day

Life, I beg you ease up easy
Life, sweet life, remember to give Jah thanks and praises
Life, sweet life, is the gift of Jah, Jah
Life, sweet life, is what we share now

Life is love and love is life
So man and man shouldn't want live in strife
Rock the boat yu bound fi turn over
Watch yourself when yu living undercover

When you rise up in the morning, yeah
Give Jah thanks and praises
For a brand new day

Life, sweet life, is what we live now
Life, sweet life, is what we share now
Life, life, life
Life, sweet life, yeah, yeah

When you're down
And you ain't got no one to turn to
Just remember
The Father is the creator of this is life

Life, I beg you ease up easy
Life, sweet life, remember to give Jah thanks and praises
Life is the gift of Jah, Jah
Life, sweet life, is what we share now

Life is love and love is life
So man and man shouldn't want live in strife
Rock the boat yu bound fi turn over
Watch yourself when yu living undercover
