

Sometimes So Good

Inner Circle

How could something so good urn out so bad?
Whatever happened to the love we had
What have I done to drive you away?
What can I do to make you stay

I wanna be your best friend
Yeah, but now you want it to end
Time, I thought it would change your mind
Making you see loving me was real

I remember days, I felt so lovely
The love I had was for you only
I wanna be your best friend
But now you want it to end
