

# Paradise

Inner City

Everybody gather around, listen to the inner city sound  
Rocking your way while you work and play  
We're gonna give you a ride  
We've got the sound and drive  
We'll last all night and all day

Paradise, paradise, paradise (with Inner City)

There's no holding back on this shit  
We'll put the stake in them  
Oh, what a high  
When you know you ride, you fly  
Everybody step to the beat

Paradise, paradise, paradise (with Inner City)

Everybody gather around, listen to the inner city sound  
Rocking your way while you work and play  
Everybody step to the beat

Paradise, paradise, paradise (with Inner City)
