

I've got a problem  
I don't know what to do  
I can only love her  
If she lets me love you too

I'm trying hard to show her  
What a man like me could do  
If only I could show her  
All the things I want to

I've got a problem  
And I don't know what to do  
I think I'm really like you  
I hope you're really like me too  
What else can I say girl  
(What else can I say girl)  
I miss you all the time  
(all the time  
All the time)  
A promise is forever  
(forever  
Forever)  
So I'll keep yours on my mind

You looked at me so curiously  
I never asked you why  
I hope that you don't think that I am trying to decide  
It tears me up, it puts me out  
Head spinning again again  
Cause' we fall in love and fall apart again  
Cause' we fall in love and fall apart again

We fall in love and fall apart again  
Cause' we fall in love and fall apart again

You looked at me so curiously  
I never asked you why  
I hope that you don't think that I am trying to decide  
It tears me up, it puts me out  
Head spinning again again  
We fall in love and fall apart again

So here we are and yes it's a little bit  
Too built up and no I ain't feeling this  
Can't you see that this trouble  
1 4 2 yes this could be trouble  
Here we are and yes I'm a little bit  
Too worked up inside to be feeling this  
Can't you see that this is trouble  
1 4 2 yeah this is trouble
