

Turn and wait for a brand new day
Things are getting brighter
Maybe after all I'll stay
I don't wanna doubt you

I can't listen to you lie
It only brings me fear
That everything's my fault
And I know what you like
And I know what you want
And I know what you want
Even if you don't

Don't take it out on me
I've been patiently waiting
Running from the endless sheets
This is a match made in heaven

'Cause I can't sit and watch you cry
It only brings me fear
That everything's my fault
I'm back and forth again
I'm standing on the flag
But if I bring you joy
Then maybe it's
Then maybe it's

'Cause I can't sit and watch you cry
It only brings me fear, that everything's my fault
I'm back and forth again
I'm standing on the flag
But if I bring you joy
Then maybe it's
Then maybe it's
