

Air

Inner Wave

Words on a page make me imagine
Another place where good things happen
Words on a page help me see
What's new with you?
What's wrong with me?

Wait a minute, oh, I did not want to hurt you
Please believe me when I say I do
When love is avoided paranoia grows
I think I can do better, but I just don't know
I just don't know

It's almost morning
Someone's telling me how
Nothing's easy when you live like that
The wind is calling
Telling me to look out
Someone keep me warm

Wait a minute, oh, I don't wanna go that way
Just to wake up at the end again
When love is avoided paranoia grows
I think we can do better, but I just don't know
I just don't know
I just don't know
