

Automatic

Inner Wave

It started all out as such a dream
Then couple nights in, I couldn't sleep
I wonder do you still dream of me
Do you? Do you?

Isn't like to me be saying words
Can't believe all the things you heard automatic
If you want, I can provide the terms
For you, for you

Is it like me to be honest now
Wanna stay on track, but teach me how automatic
Can't believe that it is not allowed
Do you? Do you?

It started all out as such a dream
Then, couple nights in, I couldn't sleep
I wonder do you still dream of me
Do you? Do you?

Stop a second, I can't do that
It's like a midnight cry for help
Made to love major fuck up

One last second till I start running around
Don't wanna hurt you feet off the ground
I am looking to say something profound
For now, for now

Qiān wǒ de shǒu
Zǒu jìn nǐ de mèng lǐ
Nǎohǎi biān de zhè duàn jùlǐ
Hé nǐ de měi gè yè lián zài yīqǐ

Wǒ zhànle qǐlái
Xǐng lái nǐ jiù huì líkāi
Wǒ xiǎng bǎ suǒyǒu de ài lián zài yīqǐ
Zhèyàng mèng jiù bù huì jiéshù

One last second till I start running around
Don't wanna hurt you feet off the ground
I am looking to say something profound
For now, for now
For now, for now

It started all out as such a dream
