

Baby

Inner Wave

I've been on the road now for a week
Been thinking 'bout you lately in my sleep
I'm wondering what it is you think about
With no one else around to entertain

I'm speaking of you greatly in my dreams
Don't have to tell nobody, they can see
You've got me back against my bedroom door
Biggest smile, and covering my face

The shimmer in my eye, it's true
[?] the reason I get through
I still remember the first time I laid eyes on you
I knew it then, I knew you were the one

You'll never believe that I could love the way that I'm in love
with you
Everyday I am reminded I'm one of the lucky few
To share the feeling with someone I'll always wanna choose
I could never get enough of you

Baby, sweetly
I just want to be all that you can meet in this
Cruel world, listen
It's your company that make me believe again

Even as your lover, you will see
I'll be your friend forever if you need
I hope you will see if you just through-and-through
And when we're old I'll hold you 'till the end

Baby, sweetly
I just want to be all that you can meet in this
Cruel world, listen
It's your company that make me believe again

Comforting silence
With deafening emotion
There's no one I'd rather
Share this gentle moment
I can't imagine
[?] what happened
If you never crossed my eye
