

# Discipline

Inner Wave

Roll up your filthy sleeves  
The pulpit's up here waiting  
Sleep is my enemy  
I'm more productive when I don't have any rest so  
Take a good look at me  
It might be your last time

Why can't (no no no)  
Why can't (no no no)  
Don't ask (no no no)  
Why can't (no no no)  
Don't ask (no no no)  
Sit down (no no no)  
Why can't (no no no)  
Sit down (no no no)  
Discipline

Sweetie come back to me  
The father's watching gladly  
One day you'll have to leave  
I beg that you pray every night when no one's watching  
Rituals are comforting  
But only when you choose to believe

Why can't (no no no)  
Why can't (no no no)  
Don't ask (no no no)  
Why can't (no no no)  
Don't ask (no no no)  
Sit down (no no no)  
Why can't (no no no)  
Sit down (no no no)  
Time to Discipline
