Inner Wave

I let you down
I let you down
I let you down
I let you down baby yes I said

Down down down the stream
I've seen consciousness break it's concentration on me
Nothing new this side of town
Heard you're missing me
Well that's news I thought that we were past that way way past
that but

I let you down
I let you down
I let you down
I let you down baby yes I said

I'm a fool I'm the fool who gets out
Forgets the reason for leaving
I don't need nobody else so get out
I think it's time you start leaving
One more chance for you to leave this mess cause I know cause I
know

I let you down
I let you down
I let you down
I let you down baby yes I said

I let you down
I let you down
I let you down
I let you down baby yes I said

I let you down
I let you down
I let you down
I let you down baby yes I said
