

Reach

Inner Wave

My time is coming to a halt
Who cares who's right and who's wrong
Don't wanna give up
Don't wanna reach out
If this is the end
Then I'd like to shout

You are my life
You are my love
You are my life
You are my love

Memories fade into the dreams
It's not what it seems to be
Don't wanna reach out
Don't wanna give in
If this is the end
Then goodbye friend

You are my life
You are my love
You are my life
You are my love

But wait
Oh, if this is the end
Then I'd like to go
Back where we began

You are my life
You are my life
You are my life
You are my life
