Inner Wave

Hold on now, proud
Time on earth has ended
Your turn to leave defenseless

Hey, do you see me now?
Hey, do you see me now?

Pierce me, I bleed
Come down, feel the rain
Just another reason to try

What's it gonna take for me to grow?
What's it gonna take for you to know?
For you to know

What's it gonna take for me to grow?
What's it gonna take for you to know?
For you to know

Hold on now, proud
Time on earth has ended
Your turn to leave defenseless
