

Second Best

Inner Wave

I lost my way and I need to get back
Always in the crib, but I'm stuck to the tracks
And if you found your way, who am I to say stay?
Fine, that's my chance, I don't want second best

It always falls, it always sinks
I'll never fall from top of anything
And what's my fault? And what is yours?
I don't care anymore

I miss my life and I wish it'd come back
It's not gonna be simple as that
'Cause if you found your way, I don't want second best
It's some fresh part, that's what I want

It always falls, it always sinks
I'll never fall from top of anything
And what's the game? And what's the point?
I don't care anymore
I don't care anymore

Don't you see you're not my baby?
Don't you see you aren't my baby?
Don't you see you're not my baby?
Don't you see your fault, my baby?
Don't you see your fault, my baby?
Don't you see your fault, my baby?
