

## Not Getting Any Better

Innerpartysystem

it's not getting any better

I forgot what it feels like without you on my mind  
all my friends, all my friends, all my friends say I  
should give it up  
I know it's never easy when nothing ever was

no I can't get by without your love  
I know it's never easy because  
I'm awake every night  
and you're cutting through my head just like a knife  
and I'm awake every night  
and you're cutting through my head just like a knife  
because I can't get by without your love

I forgot what it feels like without you on my mind  
and all my friends, all my friends, all my friends say  
I should give it up  
I know it's never easy when nothing ever was

no I can't get by without your love  
I know it's never easy because  
I'm awake every night  
and you're cutting through my head just like a knife  
and I'm awake every night  
and you're cutting through my head just like a knife

and I'm awake every night  
and I watch you through your window  
and you lay there with your sleepy eyes

you say it's getting easy  
it's not getting any better
