

## Roll the Dice

InnerWish

I'm Lost And Absorbed, My Powers Abate  
Despair And Agony Are Driving Me Insane  
Wanna Bring Me Under? Wanna Mess My Brain?  
No More You Will Defy Me - Manipulate My Fate

We're Born With Rights  
Enslaved We Live By Choice  
Ego And Vanity Silence Our Voice  
But Again, What A Hell! You Don't Seem  
To Care And Stare Soulless  
While They Kill Your Dreams

You Watch The Days  
Turn Into Nights  
Just Passing By  
Don't Stand In Apathy  
Don't Compromise

Your Life, Is Not What The Gamblers Oblige  
Stand Up, Cause Your Pain Is Only Fear In Disguise  
How Long You'll Bear Until You Realize?  
You're Destined To Win  
It's Time You Roll The Dice

Can You Hear What I Say?  
Can You Feel The Urge?  
Elusive Freedom Is A Momentary Bliss  
In Your Own Microcosm  
You Think You Are The King  
But Take A Look Around You  
You're Just A Pawn They Shift
