

The Initiation

Inquisition

Hidden Secret Sabbat

summoning my name on my way to Satan to give the kiss of shame

.

Flaming Pagan fire burning high at night

Wild copulation in the full moon light

Atmosphere so wicked as the mass begins

Deep in side the forest where the Dark Lord regions

I renounce the God of the Christian faith

I deny the virgin and trample on the cross

O' Master grant me your knowledge

O' Master grant me your power

Take me and teach me your ways

I will serve you forever with human blood

I sign my secret name in the book of shadows

I will now remain invocation chanted standing in a circle

in the name of Satan ceremony ends....
