

Banshee

Insane Clown Posse

Shaggy the Airhead on the beat

Scream like a banshee, punt kicking Faygos
Boot it in the sky
Pile drive somebody mama through a table
Stretch your balls all the way back, let 'em go
Scream like a banshee, punt kicking Faygos
Boot it in the sky
Pile drive somebody mama through a table
Stretch your balls all the way back, let 'em go

Bitch, fuck you, is what I told this world
I'd beat your ass, but I fight like a girl
Everything I own in half a wheelbarrow
Yeah I'm getting old, but my name ain't Earl
Got beat so bad nearly shit my pants
Ain't a girl out there that'll give me a chance
Fear none, so much for my stance
Turn my own self down when I ask me to dance

I got evicted out my trailer park home
Already Skeletor, why they giving me the bone?
I can't stand myself, so I hate to be alone
Hocked everything I own, drug habit full-blown (Damn)
Do I ever get neden? Shit, no, fuck it
I'm doing backwards somersaults trying to suck it (Huh?)
I fucked a ketchup bottle and a birdhouse, too (Yeah)
I tell my fist, why the fuck I need you?
Where that hook at?

Scream like a banshee, punt kicking Faygos
Boot it in the sky
Pile drive somebody mama through a table
Stretch your balls all the way back, let 'em go
Scream like a banshee, punt kicking Faygos
Boot it in the sky
Pile drive somebody mama through a table
Stretch your balls all the way back, let 'em go

I could say that I don't care
To whom ain't very clear
Nobody's ever here
My contact list is bare
I'll say it in the mirror
To the bricks standing there
Sportin' my underwear
An ugly face we share

I'm not fast enough, plus I'm way too slow
They don't like my music, but they hate my show (Wow)
I can't swim and drown when I go with the flow
I can't fucking hang, but I never let go
I throw holy water on my front and back doors (Uh huh)
To keep all the demons away, of course (Uh huh)
But it only got worse, I better think again
'Cause all that shit did was lock 'em in (Who?)

Scream like a banshee, punt kicking Faygos
Boot it in the sky
Pile drive somebody mama through a table
Stretch your balls all the way back, let 'em go
Scream like a banshee, punt kicking Faygos
Boot it in the sky
Pile drive somebody mama through a table
Stretch your balls all the way back, let 'em go

Life's ho shit hits all the time
That bullshit stays off my mind
I don't give no fuck
We don't give no fuck
Life's ho shit hits every day
I mash right through, fuck out my way
I don't give no fuck
We don't give no fuck
Life's ho shit hits all the time
That bullshit stays off my mind
I don't give no fuck
We don't give no fuck
Life's ho shit hits every day
I mash right through, fuck out my way
I don't give no fuck
We don't give no fuck
Life's ho shit hits all the time
That bullshit stays off my mind
I don't give no fuck
We don't give no fuck
Life's ho shit hits every day
I mash right through, fuck out my way
I don't give no fuck
We don't give no fuck
Life's ho shit hits all the time

We don't give no fuck
Life's ho shit hits every day
