

Devil's Night

Insane Clown Posse

I'm tired, expired, to burn is my desire
The brightness I admire, squirm and squeal on fire
Hey, let's play, let's purge and cause dismay
The Devil gets his day, tonight he gets his way
Flames, big smoke, the sleeping dead awoke
The gates that hold 'em broke, necks tonight we'll choke
Mama, fire streaks across the sky
Even children fight, behold Devil's night (Gotcha!)

Demons unfed (Fires in the Devil's eye)
Feel the bloodshed (Mothers scream, and children cry)
Kill the undead (Soot and oil fill the sky)
Mmm (It's Devil's Night, mamama)
It's Devil's Night, mamama (Mamama)
Mamamama (Mamama)
Mamamama (Mamama)
Mamamama (Mamama)

My cup is overfillin' with the blood of a sacrificed chicken
Ritualistic killin's right here in the Murder Mitten
We light the bodies on fire, the undead are awoke
You can see the Devil's face is formin' in the flames and smoke
Orgies in the moonlight, sodomy with faceless entities
Every friend to me is now an enemy, and this energy [?]
Tonight's the night that souls are stole
Chants are read from ancient scrolls
We've been told about, now we are showed
How are the spirits are risen from embers and coal

Demons unfed (Fires in the Devil's eye)
Feel the bloodshed (Mothers scream, and children cry)
Kill the undead (Soot and oil fill the sky)
Mmm (It's Devil's Night, mamama)
It's Devil's Night, mamama (Mamama)
Mamamama (Mamama)
Mamamama (Mamama)
Mamamama (Mamama)

It's urgent, murderous splurgin'
I'm cuttin' deep but no surgeon
Blood squirtin', detergent
Don't work, it ain't hurtin' them curtains
No shirt when I'm merkin'
It's scary and funny, Tim Burton
For certain, I'm lerkin'
I'm workin' on puttin' that skirt in the dirt, and

Demons unfed (Fires in the Devil's eye)
Feel the bloodshed (Mothers scream, and children cry)
Kill the undead (Soot and oil fill the sky)
Mmm (It's Devil's Night, mamama)
It's Devil's Night, mamama (Mamama)
Mamamama (Mamama)
Mamamama (Mamama)
Mamamama (Mamama)
