

FLASHBACK 2

Insane Clown Posse

And if you like it wicked, this circus ain't like any (Bang)
And if you like it wicked, this circus ain't like any (Bang)
Wind it or a dark demon will charge
Dislodge your skull like a spine broke
And if you like it wicked, this circus ain't like any (Bang)
My bitch worked at the party store
And if you like it wicked, this circus ain't like any (Bang)
Thought he was just dazed, happy from all the excitement
This is what most people don't understand
And your heart is something I play with
And everything chilling underwater, please
And if you like it wicked, this circus ain't like any (Bang)
And if you like it wicked, this circus ain't like any (Bang)
