

Hot Head

Insane Clown Posse

Here I go again...

Crawlin' through the endless tunnels, throughout my polluted mind
All 3 walls of my bedroom are bleeding 'cause I'm a poison cancer
Up steps I found in the woods, above trees into moon lit skies
A flare melts off my balls, as ordered by my secrete fairy dancers
Blood streams down my cheeks from my swelled up big ass red grapefruit eyes
I'm in my basement, wrapped in intestines, waiting for answers
Mouth maggots grow to quick to spit or swallow so why bother try
Mom's headless but her windpipe says I'm good to romance her, unguh

Everything in between my 2 ears feels like it's burning
In there burning
Can't help but head butt the cement floor 'cause it fuckin' hurts
'Cause it fuckin' hurts
I can feel my brain, crackle and pop, like it's in there burning
In there burning
So I don't want to, be anymore, 'cause it fucking hurts
'Cause it fuckin' hurts
Really fucking hurts
It really fucking hurts
I punch myself as I'm thinking...

1. 2. Fire on you
3. 4. Burnin' what for
5. 6. No fire wicks
7. 8. Burnin' at the steak
9. 10. Burnin' that skin
11. 12. Big fire swells
13. 14. Burning up scorchin'
15. 16. Fire licks sting

Oh so cute, I love watching...

Bloodworms burrow their way through my stomach deep into my gut
Duck in dark shadows down town, in search of freshly pissed on corners
In the woods behind WallMart, I'm jacking off on a big fat dead slut
A Moss covered old stick in my mouth, I put there because I'm horny
A Ten foot Hell snake broke up through my floor, I'd feed it but whut
Two 4 pound snapping turtles live in my toilet bowl, drunk on Corona
I play harp for a baby
Sintar as he rips cats heads off and drinks their blood
Had lots of big beauties sure, but after sex with a corpse, living women are boring

Everything in between my 2 ears feels like it's burning
In there burning
Can't help but head butt the cement floor 'cause it fuckin' hurts
'Cause it fuckin' hurts
I can feel my brain, crackle and pop, like it's in there burning
In there burning So I don't want to, be anymore, 'cause it fucking hurts
'Cause it fuckin' hurts
Really fucking hurts
It really fucking hurts
My guns to my head, as I'm thinkin'...

1. 2. Burning right through
3. 4. Burn to the core

5. 6. Burn up in the mix
7. 8. Brain incinerate
9. 10. The fire's don't end
11. 12. Burning in Hell
13. 14. Blue fire scorching
15. 16. Chard up and crispy
17...
