Let's Go All The Way

Insane Clown Posse

Ain't nobody jealous, everybody has they own
Nobody locked up, everybody, everybody is free to roam
Lookin' at scrubby with a hottie on his side
Lookin' at rich kids, poor kids,
Everybody together on the same side
And they down to ride

Let's go all the way

Let's go all the way

Let's go all the way

Ain't nobody left out, everybody gets to go It can never be too crowded, come on, we still pickin' up some more

Don't nobody hate you, playa hate you,
There ain't no hate at all
Gotta million hands to catch you cause they'll catch you
And they never will let you fall
And we gotta worry all of ya'll

Let's go all the way

Let's go all the way

Let's go all the way

Never known sickness, no sickness, nobody has to die Everything's answered, what didn't then, we'll never have to wo nder why

Won't nobody rush you, no pressure, be as long as you wanna be Can't you guess what this place is,
Your future make it a reality
all you have to do is follow me

Lets go all the way (Let's go all the way)
Let's go all the way
Let's go all the way
