## Insane Clown Posse

Ada cadabra stab you up money  
I'm the big duce that put your ass up like puddy  
That's one thing I never done was study  
Fuck my meds I'm about to go nutty  
If I was in prison I would rape your anus  
With this broom stick not my penis  
Doing drive by on a podo stick  
Cause I'm getting my dick sucked  
No bull shit I clown mother fuckers  
In part of their face probation officers all over their face  
I sell fake goods and you still buy it  
I even tell you it's fake (I'll still try it)  
I slap your ass and leave you snoring  
Still laid out same spot next morning  
And I'm a serial killer pound for pound  
Fuck with the juggalo (juggalo juggalo)

I get clown you to your face  
Get a clown full up your anus  
Get clown on your chin  
Then we do it again bitch  
Get clown onto your face  
Get clown full up your anus  
Get clown on your chin  
And this shit don't end bitch  
You get clown

I am the clown my foot swing around  
Put your nut so far up your ass they never found  
Make your eyeballs go like microwave feather  
Until they finally splatter  
I don't want to know this it don't really matter  
When I pull out my axe go scatter  
It's in my head I hit him tons of wall  
Next thing you know I come to your door  
And I can't see it the shit begins  
A knife to the cheek then I sticks it in  
Blood feathers I cut your theaters  
Everybody run free up in a home feet  
Everybody run on solid ground  
And all the victims they on the ground  
Hold them close until the heart slows down  
And whisper in his ears you got clowned

I rock my face like my brothers and sisters  
It's understood by others why they distant  
Truth is these haters wants to kiss us and love us  
Because they secretly hound dogs  
Show them when they piss us off  
Up next we got to clown these hoes  
Stick a but clown shoes up their asses  
Because when our wrecking comes to town  
We only pick up the phone bitch
