Insane Clown Posse

"Fuck! Come home, I work all God damn day, come home, there ain't no fuckin' hot food on my plate!"

Devereaux

"What the fuck? Now you god damn cryin'! Always fuckin' cryin'!"

After the wretched betrayal
Who's the wind beneath ya sail?
Who always brings you back to life and never fails?
Queens!
When you lose control, who steers?
Who knows all your biggest fears?
Who always listens to your rants and really cares?
Queens!
Who's always worried when you're pissed?
When the mugshot is who she miss?
Who's screamin' "no" when ya wanna slice your wrist?
Queens!
Who knows how broke you really are?
What kinda joke you really are?
Who always treats you like a super fuckin' star?
Queens!

She's shiny (Shing)
That's the shine behind you (So bright)
That's who you should be kind to (You should)
Without her, there's no shine to you (No shine, bitch)

All the flowers that she planted in the backyard
All died when she went away
All the flowers that she planted in the backyard
The stems dried up and petals decayed
All the flowers that she planted in the backyard
All died when she went away
All the flowers that she planted in the backyard
With ugly weeds they've been replaced

"You better- I swear to God, bitch. Look at the fuckin' house! Look at this shit! All them dishes all fuckin' piled up! God damn fuckin' do everything [?] fuckin' [?]"

Who don't stop believin' in you
Does all the rowin' in your canoe?
Who waits up while you blow your check in the saloon?
Queens!
Who would break you outta Hell
Claw Satan's eyes out with her nails?
Who's still there by your side, unlike your ghostin' pals?
Queens!
Who's stronger than a man
The only one you know who can?
Who rescues you again and again and again
And again and again and again and again?
Who's sexy, hot as hell?
Whose inside smokes her outer shell?
Whose love will warm ya for a captivating spell?
Queens!

She's shiny (Beamin')
That's the shine behind you (Beautiful)
That's who you should be kind to (You should, fool)
Without her, there's no shine to you (No shine, no shine at all)

All the flowers that she planted in the backyard
All died when she went away
All the flowers that she planted in the backyard
The stems dried up and petals decayed
All the flowers that she planted in the backyard
All died when she went away
All the flowers that she planted in the backyard
With ugly weeds they've been replaced

She's shiny (Oh my God)
That's the shine behind you (So bright, so beautifully, bright)
That's who you should be kind to (You should, but you never are)
Without her, there's no shine to you (No shine, no shine at all to you, motherfucker)

All the flowers that she planted in the backyard
All died when she went away
All the flowers that she planted in the backyard
The stems dried up and petals decayed
All the flowers that she planted in the backyard
All died when she went away
All the flowers that she planted in the backyard
With ugly weeds they've been replaced

They've been replaced
They've been replaced
They've been replaced
They've been replaced
