Whatever you dished out there you eat it  
Now! Let's hope you like it  
The way that you treated your mom, was it worth it?  
Now that you overdosed on dope and died  
The link is tied  
You reap everything you sow, let it sink in  
Now that your choked up dead and stinking  
It's time for judgement, the missing link is now tied in  
Off to hell you go ridin  
Or shangri-la for the lucky few  
Who lived life tried and true

What's the matter, ya scared to die?  
Well I wonder why?  
Is it because you knew when your life was ending  
You'd feel your soul descending?  
Are you afraid to be treated how you treated others?  
Ain't no hiding under the covers  
Ain't no taking it back, it's too late for that  
The link's tied, face it Jack  
We got some nonbelievers out here  
Well, we'll see when you face the mirror  
and everything becomes so crystal clear  
and all that laughter's replaced with fear  
The marvelous missing link is your death  
And when your life's ending its all that's left  
Once you find your link, what's it gonna be?  
I can't wait to see
